Version: 1.0 Generated: 2025-08-18T00:00:00Z Currency: USD

Total Project Cost: USD 297.80

Estimate reasoning

Image shows a restroom toilet with broken toilet paper dispenser components in the bowl and on the floor; no visible water intrusion or leaks. Scope focuses on replacing the vandalized dispenser with a high-grade double-roll commercial unit, one hour of accessory installer labor to mount and secure the new unit, and heavy cleaning of the toilet due to debris and sanitation needs. Avoided far-fetched plumbing or partition work because no such damage is visible.
